Via Mobile Application..... 4

Chemical Safety Software
www.chemicalsafety.com

Via Web Portal

Each client has its own URL address to access Chemical Safety's EMS software. This link allows users to search, view, download, and print Safety Data Sheets that are stored in the client's internal SDS library without needing any user name and password.

Your System Admin will provide the URL Link.

The most common practices are,

- Distribute the link via email
- Bookmark for easy access
- Set as home page
- Embed it on your webpage or intranet

Step 1: Click on the link, and you will be directed to your internal binder.

Step 2: Perform a search by Chemical Name, Manufacturer, Location, or Project. You may use multiple search criteria to narrow down the result or leave blank to view the entire binder.

Search	
PRODUCT NAME:	Contains [v] Acetone
MANUFACTURER:	Contains [v]
PART NUMBER:	Contains [v]
LOCATION:	Contains [v]
MSDS/SDS #:	Contains [v]

[Click here for help](#) Search

Step 3: Click on the **SDS** button from the result page and then **View SDS** from the pop-up to view, download, or print the desired Safety Data Sheet.

1 record					
PRODUCT NAME	MANUFACTURER	MSDS/SDS#	REVISION DATE	ENTRY DATE	SDS
Acetone	Sunnyside Corporation	874590	3/11/2015		SDS

SDS [x]

English [v] View SDS

English [v] 1 [v] GHS [v] BASIC [v] View Label / Hazard / PPE Data

Via Mobile Application

Chemical Safety's free add-on mobile applications are designed to access information on the spot, increase efficiency, and provide mobility. EMS.SDS-GHS Application is available for iOS, Android, and Windows devices. Below are the links for each platform.

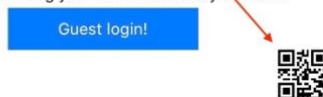

- **EMS.SDS-GHS Application for iOS:** [Click Here](#)
- **EMS.SDS-GHS Application for Android:** [Click Here](#)
- **EMS.SDS-GHS Application for Microsoft:** [Click Here](#)

Step 1: Download the EMS.SDS-GHS application for the desired device.

Step 2: Launch the application, locate the QR Code icon and tab on the image. This will launch the on-board camera of your mobile device.

Please login using your Chemical Safety account.

PS: The above screenshot is from an Apple device, and the location of the QR code may vary for other devices.

Step 3: Scan the QR code, and you will be logged in automatically. Your System Admin will provide the QR Code.
