

## A Design, Engineering, Fabrication, Installation and Automation Company

### Engineering Capabilities

- Process Design
- Mechanical Design
- Electrical Design
- Automation & Controls
- Programming
- Project Management

### Fabrication Capabilities

#### Skid Mounted Systems

- Ultra Filtration
- Micro Filtration
- Nano Filtration
- Reverse Osmosis
- Clean In Place
- Valve Clusters

#### Equipment

- Process Tanks
- UL Electrical Panels
- Crystallizers
- Agglomerators
- Box Dryers
- Tower Dryers

### Parts Sales

#### 3-A Certified

- Tube, Fittings & Valves
- Pumps & Motors
- Electrical Boxes

#### Alfa Laval Distributor

### Onsite Capabilities

#### Installation

- Process Equipment
- Process Piping
- Motor Control Centers
- Platforms & Stairs

#### Utilities

- Water Treatment
- Waste Water Treatment
- Chiller Systems

# Serving the Dairy and Food Industries

## Nationwide Service

Headquartered in Menomonie Wisconsin with branches in Darlington Wisconsin and Visalia California we have served the Dairy and Food industries nationally since 1986.

## Turn-key Cheese & Whey Plants

We designed, built, and are operating two Whey Processing Plants and one Bulk Cheese Plant in Wisconsin.
